

Attention Campers! COLORADO'S FIRST RENTAL FLEET OF TEARDROP TRAILERS AVAILABLE NOW

Top 10 Reasons Why Campers should trade up from a Tent & Rent a Teardrop

Colorado's camping enthusiasts now have a new, unique option to move up a step from tents to teardrops! [Colorado Teardrop Trailers, LLC](#) has rentals available with its fleet of teardrop trailers, providing the state's only option to grab a teardrop and go! [Reserve one online here.](#)

Teardrop trailers, so named for their unique shape, are smaller and more versatile than RVs and can be towed by a small car. Minimal impact on gas mileage and easily maneuvered in the woods, they offer protection from Colorado's unpredictable weather and with full insulation, assure that campers won't be. There's no set up required, just park and enjoy.

Boulder entrepreneur and tech professional Dean Wiltshire founded the company this year and has expertly blended his expertise in metal and woodworking design and construction to personally hand-craft each rental trailer. The rental fleet has 4 trailers available. **Here are Dean's Top 10 things to know about Colorado Teardrop Trailers:**

- Light and portable, they can be towed with any car, even a Mini Cooper!
- Bearproof! Secure way to sleep in the wild!
- They're durable, dry and warm when the weather changes.
- They extend your camping season well into November
- They're comfortable and are best with a 4" thick full queen memory foam mattress.
- The Galley holds a lot of equipment and has room for charcoal, fire wood and camp stove to cook, ice cooler, water, spices, French press, plates, etc. You'll be sure to eat well on your outdoor adventure.
- We've made them so airtight, you have to crack open the vent when you sleep. Yet, they still stay cozy warm.
- The aluminum exterior is not just cool looking, it keeps the trailer cabin cool by reflecting the sun.
- Only \$75 a day to rent!
- From our rental location in Boulder, there are 51 different campgrounds within 50 miles you can explore and enjoy.

"It's \$75 a day to rent one of our teardrops and you can take it up into one of our great local parks or drive it across country", says Wiltshire. "I truly hope this will help more

people try and enjoy camping, getting closer to nature and enjoying all our beautiful state and neighboring states have to offer. It only takes one downpour while you're sleeping on the ground to put a damper on your fun - plus they extend the camping season. Teardrop campers are just the right size to still capture the essence of camping; cooking outdoors, seeing and hearing nature, yet staying at a comfortable temperature, dry and well-rested."

Each teardrop is designed for 2 people and features:

- Aerodynamic design
- Aluminum exterior, stainless steel fenders, all Birch interior
- Interior cabinet storage
- 4" memory foam mattress
- Battery-powered lights
- Screened windows that open and shut
- Fully stocked kitchen galley with plates, cups and French press for Coffee
- Stove and storage for water and food.

Colorado Teardrop Trailers also custom-builds teardrop campers for purchase, offering design options for conveniences such as interior lighting, A/C, TV, and stereo speakers. The rental fleet allows campers to "try before they buy" if they are first-time users of a teardrop model.

About Colorado Teardrop Trailers, LLC: Founded in 2014 by the son of a British carpenter, Dean Wiltshire started building boats at a young age. Later in life Dean built furniture, cabinetry, and custom homes. With all his woodworking and building skills, Dean is excited to bring his passion for manufacturing quality products to the world of teardrop camper trailers. The company is based in Boulder and both rents teardrop trailers as well as builds custom-designed units for purchase. Visit our website at www.coloradoteardrops.com
